MEDICINAL.

Snake Charming

Is not a popular occupation. Most women shrink from the sight of a snake and would faint at the touch of one. But these women run greater risks than the snake charmer. How many women allow disease to fasten on them and slowly to crush out their strength.

Womanly diseases should never be allowed to undermine the health. Female weakness, bearing-down pains, inflammation, ulceration, backache, headache, nervousness, and other womanly ailments, curable by medicine, are promptly and permanently cured by the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well.

"I deem it my duty to express my deep, heartfelt gratitude to you for having been the means under providence of restoring me to health," writes Mrs. Oscar Brown, of Oxford, Granville Co., N. C. "For two years I suffered with female weakness, headache, neuralgia in various parts of the system, and after using four bottles of Dr. Pierce's Favorite Prescription, three of his 'Golden Medical Discovery,' one of his 'Pain Expeller,' also 'Lotion Tablets,' and one box of 'Antiseptic and Healing Suppositories,' I am cured."

If you are led to the purchase of "Favorite Prescription" because of its remarkable cures of other women, do not accept a substitute.

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send at one-cent stamps the expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

HILL AT OYSTER BAY.

The prologue to the surprise which David B. Hill experienced at Oyster Bay last night is laid in New York.

The ex-Senator met William F. Sheehan, one time lieutenant governor. Mr. Sheehan has a handsome summer home at Oyster Bay, where he spends three days of the week. "Come over with me tonight and have dinner and spend the night," said "Blue-eyed Billy."

Senator Hill accepted the invitation. Mr. Sheehan says he did not mention the matter to anyone. Mr. Hill does not remember that he did. But ex-Assemblyman Sol Townsend, who lives in the oldest house in Oyster Bay, heard of it through some channel. Mr. Sheehan and his guest took the last train from New York, which reaches Oyster Bay in time for dinner. Half an hour before the train was due a corps of Nassau county democrats visited the local blacksmith shops and borrowed two anvils. They lugged these down to the vacant lot near the station, then went and bought all the powder in town that had not been burned up on July 4.

"Hurrah for David Hill!" screamed the local democracy. "Our next President," piped the real young girls who had been schooled to this work in five minutes' time, Senator Hill's face was a map of amazement. Turning, he looked into Mr. Sheehan's blue eyes for an explanation. "I haven't told anyone you were coming," said Mr. Sheehan. "That is, no one but the cook." By this time Senator Hill was overwhelmed by people trying to shake hands with him. Mr. Sheehan hurried him into a carriage and they drove away. The anvil banged away.

TERRIFIC STORMS.

Two terrific electrical and wind storms, the second one of the most violent in years, swept over Chicago last evening and last night, doing incalculable damage, stopping traffic and imperiling even the largest lake craft.

Growing within three minutes from a twelve-mile breeze to a sixty-eight mile gale, the wind, attended by a torrent of rain and a continuous display of lightning, struck terror into the hearts of the thousands of people on the streets. The greatest damage done by the storm in the downtown district was on State street. The signs and awnings in front of many of the large stores were torn from their fastenings and carried along the street. Sharp, quick blasts of wind crashed many plate glass windows in the large office buildings. The unusually immovable tower of the Auditorium shook insecurely throughout the storm. In all of the parks throughout the city trees and small buildings were blown down. During the performance of a circus on the South Side the wind blew the tent down, burying 300 persons under it. Several women and children were bruised in the stampede that followed. Numerous cases of narrow escapes from capsizing boats in the lake were reported, but so far no fatalities.

THIRTEEN DROWNED.

Late yesterday afternoon a large sloop yacht on its way to Portsmouth, N. H., from the Isle of Shoals was capsized in the lower harbor. There were sixteen persons on board, and thirteen of this number perished. The party started a little before 3 o'clock for a cruise out into the open sea. The start was auspicious and a steady off-shore breeze sent the yacht bowling along at a rapid pace. The sloop was on the starboard tack, when a squall struck the flatly trimmed canvas and threw the yacht on her beam ends. The men made heroic efforts to save lives, but almost all attempts were balked by the sails enveloping all those thrown into the water. Four persons were caught in the cabin and drowned like rats. Two tugs went out to the wreck at racing speed and took three persons from the sides of the boat. They were on the verge of collapse, and if help had not come none would have lived to tell of the disaster.

COLD WATER FOOLS DOCTOR.—Mrs. Gertrude Stark and her cold-water cure have defeated the surgeons of the German Hospital, at Brooklyn. Mrs. Stark ate dried currants last Sunday and was attacked by a severe pain which the doctors said was the result of ptomaine poisoning. She was sent to the German Hospital, where powerful emetics were prepared, but she refused to take them. Mrs. Stark refused to swallow anything but cold water. She was told that she would die unless she took the medicine, and she laughed at the doctors and told them she had been cured of a whole curriculum of diseases by the simple use of cold water. So the doctor gave the woman up to die, saying she would succumb to the ptomaine poison in a few hours. But late Tuesday afternoon she called Dr. Deming, of the hospital staff, to her ward and demanded that her clothes be brought so that she could re-

turn to her home. The doctors were surprised to find that instead of being dead the women was nearly well, and her demand was complied with. She walked to her home and there she declared the cold water had cured her.

THE SAME OLD STORY.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by Richard Gibson, druggist.

MOTHER ALWAYS KEEPS IT HANDY.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now at the age of seventy-six, eats anything she wants, remarking that she feels no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. For sale by E. S. Leadbeater & Sons.

The "Dixie" Canopy is no experiment, but has stood the test for years, improvements having been made each year, until we can say without any fear of contradiction that it is the most perfect mosquito canopy ever put before the American people. It is easily attached to any style of Wood, Brass, Iron or Folding Bed without defacing the same.

We wish to call especial attention to the size of the COILED SPRING of the Dixie Canopy Frame. It is made large enough that constant use will not weaken it and cause the frame and net to hang out over the bed, instead of going back against the headboard, entirely out of the way.
